PECB Where Excellence Meets Recognition

PECB ISO 9001:2026 Foundation

Accredited by ANAB

Become acquainted with the fundamental concepts, principles, and requirements of a quality management system (QMS) based on ISO 9001:2026.

Why should you attend?

This course provides a foundational overview of ISO 9001:2026 and its key elements, including the role of top management, quality culture, risks and opportunities, quality policy and objectives, resources and support, operational processes for the provision of products and services, performance evaluation, and continual improvement of the QMS. Participants will become familiar with the QMS requirements and how they support consistent product and service quality and customer satisfaction.

Upon completion of the training course, participants can sit for the certification exam. After successfully passing the exam, they can apply for the "PECB Certificate Holder in ISO 9001:2026 Foundation" credential, which demonstrates their foundational knowledge of ISO 9001:2026 requirements and their application within a QMS.

Who should attend?
